

Security Policy

Perenco Management is responsible and accountable for Security and is required to set and maintain a high level of protection for our personnel and our assets. All workers, both employees and contractors, are required to remain vigilant and communicate any potential threat.

«In every place, all the time, we must protect our personnel and property from security risks.»

François Perrodo
Perenco's Chairman

THROUGH A DEFINED QHSE MANAGEMENT SYSTEM, PERENCO'S OVERALL AIM AND OBJECTIVES ARE:

- To ensure compliance with all applicable laws and regulations in the countries where we conduct our business.
- To assess the consequences of all our activities in terms of security.
- To identify risks to the security of workers, third parties, and property, and control these risks using appropriate solutions that complement local official security systems.
- To keep a continuous watch regarding the local security situation.
- To protect the company's intellectual property.
- To implement and regularly update our security emergency plans according to the situations.
- To provide appropriate information & training to our workers to be able to react according to good practices and in an orderly manner.
- To include workers' families or dependents in our security emergency plans, as required and reasonably possible.
- To undertake regular security drills to test our capabilities to respond quickly and effectively to security threats.
- To report and investigate all security incidents and take appropriate measures in order to prevent their recurrence.
